Educational Background

Bachelor in Computer Application (**BCA**)
Axis college Kanpur Sep 2023
Specialization in **Web Development.**

Projects

👉 Case Cobra case   Live Link

- **Project Showcase:** Full-Stack **Next.js** Application with **Prisma**.
- Developed a full-stack web application using Next.js, a popular React framework, targeted towards **iPhone lover**.
- Utilized **Prisma** for seamless database interaction, ensuring data is stored and accessed efficiently.
- The project source code is publicly available on GitHub, Click **Here** to access it.

👉 Portfolio   Live Link

- **Project Showcase:** A **Next.js** Application Built with **AccertinityUI.**
- Developed a **UI** prototype using the **AccertinityUI library** within a **Next.js** framework.
- Implemented component-based routing for a **well-structured and maintainable** application.
- Learned the use of AccertinityUI through the project's development.
- Deployed the project on Vercel for scalability and accessibility.
- The project source code is publicly available on GitHub, Click **Here** to access it.

👉 feedbackify   Live Link

- **Project Showcase:** A **Next.js** App with **Shadcn and MongoDB**
- Implemented user authentication with **NextAuth** for secure user access also use resend email.
- Utilized **Shadcn** to streamline component creation and management.
- Employed **MongoDB** for efficient data persistence and access.
- Project deployed on **Vercel** for scalability and accessibility.
- The project source code is publicly available on GitHub, Click **Here** to access it.

👉 Temperatureio   Live Link

- **Project Showcase:** A Real-Time Weather Application
- Integrated OpenWeatherMap API to provide real-time weather data of 5 days.
- Hosted on Firebase for reliable and scalable deployment.
- The project source code is publicly available on GitHub, Click **Here** to access it.

Skills

Languages	Tools/Software	Technical Skills	Certificate
- JavaScript - Python - Cpp - C	- Visual studio code - Mongo db - Postman - Figma - Notion	- react.js - next.js - typescript - Django - next AUTH - mongoose	- JavaScript - HTML - CSS - C
